## CHEESE SELECTION

Choose from our selection of British cheeses All served with artisan biscuits, grapes, celery, quince, house made chutney

### Cotswold Blue Brie Cotswold

Blue Brie is a soft white moulded cheese with a Roquefort blue mould running through the centre. It has a delicious creamy texture, with a fresh clean taste that develops as the cheese ages.

### Harrogate Blue

Golden and blue veined appearance and creamy and mellow in texture and flavour. This cheese is matured for 10 weeks to develop the right depth of flavour and creamy texture.

### Snowdonia black bomber

Multi-award-winning Black Bomber Cheddar is a modern classic. The Snowdonia Cheese Company's flagship cheese, it marries a rich and tangy Cheddar flavour with a smooth creaminess that lingers on the palate.

### Oxford Isis

Oxford Isis is a sticky, strong washed-rind cheese made in Oxfordshire. Named after an alternative name for the River Thames where it flows from the Cotswolds to Oxfordshire. Oxford Isis is washed regularly in honey mead, which gives it a sticky rind and pungent aroma.

### Caboc

A Chieftain's Cheese with a warning Washed rind, high butter fat content and rolled in pinhead oatmeal, Caboc has medieval Highland roots in the 'chieftain's cheese' created by Mariota de Ile who took the thick cream from the milk and matured it in barrels. We don't know whether the Chieftain died in battle or from consuming too much Caboc, so this cheese comes with a warning: a little goes a long way!
